# Interview

**What kind of problems do they have?**

- Problems at home, mental problems or struggles with their studies.

**What does our headteacher think students need?**

- Depends on the person, but a different study approach might help, or meetings with a professional.

**What are students their options concerning re-inclusion when re-enrolling school?**

- They need to be guided by someone who understands their situation and motivates them to catch up with their studies.
